Hermes, as a show of exclusive support for **FIDH** activities, is reprinting "Perspective", a 70 x 70 cm scarf first issued in 1951.
The scarf, created by the famous painter and poster artist Cassandre, illustrates the dimensions of the word "perspective": a dynamic take off into space and a symbolic projection into the future. It has been printed on vintage silk with a unique combination of colours from glacier blue to kaki, and has been signed by **Jane Birkin**, the FIDH ambassador.

Perspective (215 Euros) can only be purchased from FIDH, on line by credit card (fill in form below).
